

Google AdSense Optimization

The best performing ad units for Ads are:

Advertisers make lot of banners for this ad units:

336×280 large rectangle

250×250 Square

300×250 Medium Rectangle

160×600 Wide Skyscraper

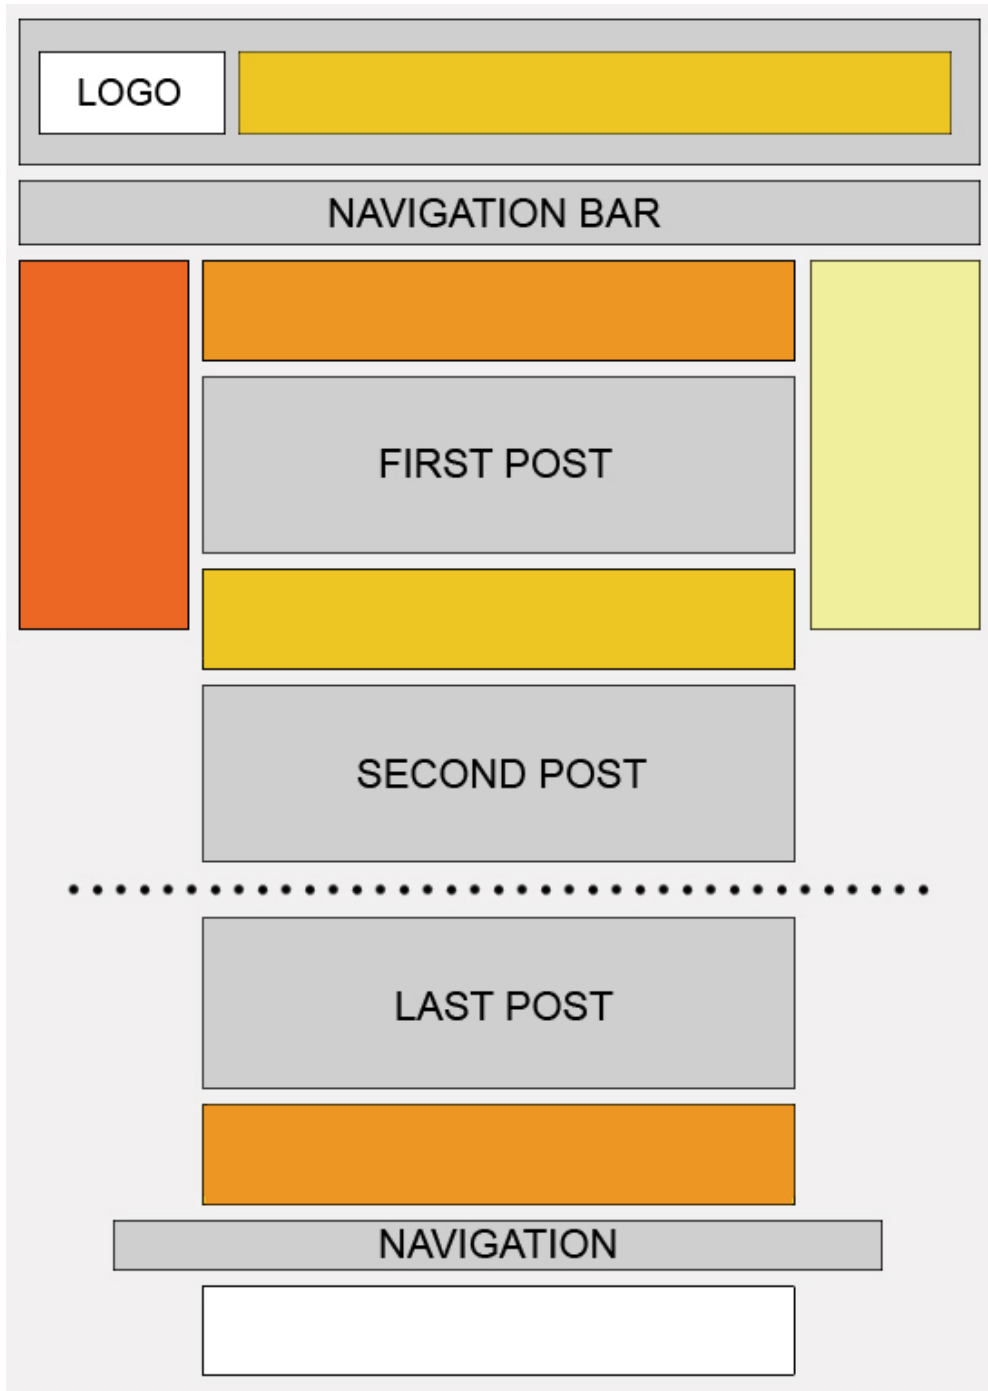

Make sure ad units to fit well in content (on your body text use same Font and Size like ads units)

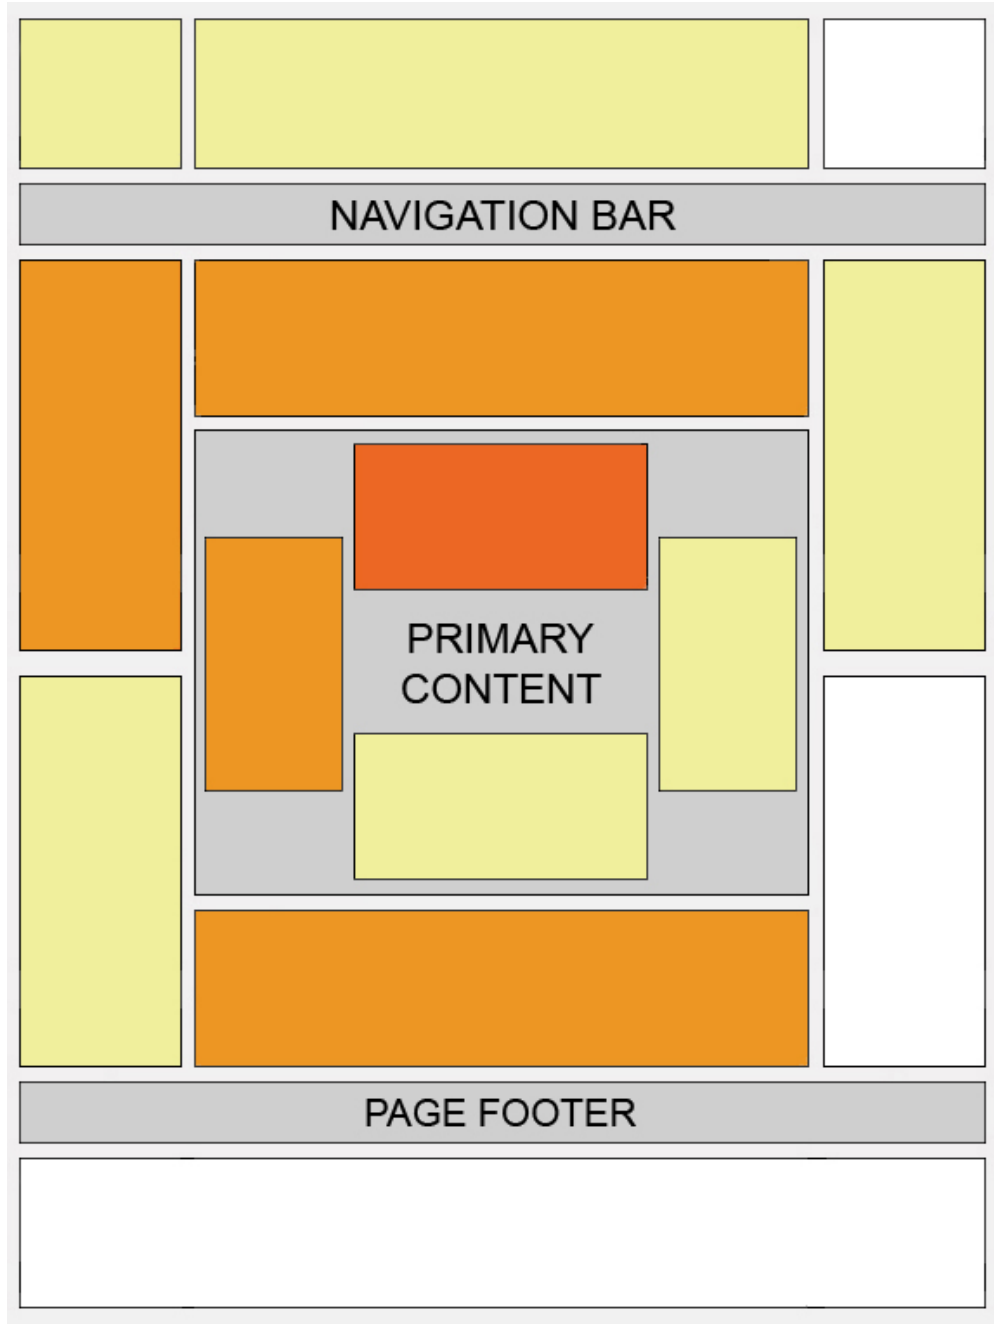

Text ads in our opinion are more paid than banner ads
also its very important referrer on visitor. If visitor its came from google search in our opinion are more paid then other referrers

Some of our opinions - How to increase ads payment

If you review some product or just go and search for that keyword on google, now check titles on ads, next - import those in your meta Description and meta Keywords (also include keys like buy,trial,cheap) in body text add keywords as bold or h1,h2,h3.

Ads Placement

Note (This is not our images, but we have same opinion)
