Zip Password + PPD Method + Youtube

You can use this with some torrent sites also

First

Make Zip File From File(crack,keygen) and add Password

Now in folder where is Zip File create [Password]-READ.txt

In [Password]-READ.txt – Add link from your content locker or link locker some description about zip file, instructions.

When they complete survey your link locker will redirect them to some blog where is your zip password so they can unlock zip file.

Now Make Zip File From

FirstZipFile.zip + [Password]-READ.txt

And zip them without password

Now upload new ZipFile to Mediafire or Orher upload site

Now use that mediafire link in your videos, blogs....
